

Dear OLA Families,

The OLA Lunch Program will be entering its 12th year and will be starting the first day of school, August 29th. The monthly menu can be found online. The program will continue to run with the lunch voucher system, with the option to prepay for the entire year. The yearly cost is \$567 which is a 10 % reduction in the cost. Vouchers are purchased in advance and sent in with your child/children on the day they wish to have school lunch. The price of individual vouchers will be \$3.75 this year, with books of 10 for \$35.00. An order form can be found online. The form can be mailed to the school prior to the start of school in an envelope marked lunch program or sent in with your child on the first day of school. Only the new 2018-2019 vouchers can be used for the upcoming school year. All voucher orders will be sent home on the first day of school.

During the first week lunch can be purchased for cash in order to give families time to acquire vouchers and plan for their needs.

As in the past, in order to make lunch affordable to families, families of two or more children pay for two students and the others eat free. Simply mark the vouchers with the names of those having lunch. This applies to the yearly program as well.

If your child forgets their lunch or voucher at home and would like school lunch we have IOU slips that can be turned in that day when lunch vouchers are collected. We ask that the IOU slips be repaid promptly and students use them only when necessary. An envelope will be sent home to let you know your child had lunch.

We look forward to another successful year. Parents can contact MaryCozza at cozzaseven@gmail.com at any time with questions and concerns.

Thank you,
Mary Cozza
